

Curved glass for maximum visual impact

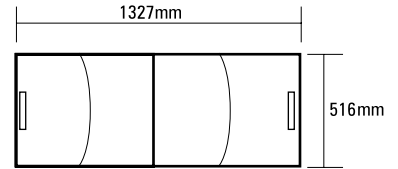

**CF0350ATCG**

Ideal for Gelato display

**Features**

- Fitted with moveable castors
- Complete with durable PVC coated storage baskets
- Corrosion resistant construction and equipped with defrost water drain
- Curved sliding glass lids and removable display canopy
- High load limit which allows increased storage volume
- Service free condenser design for better protection, gives less condensation, less humidity and less rust, even in extreme tropical climatic conditions
- Temperature display
- The chest freezer is designed to be decorated. The sides can be silk-screened or embellish with stickers. (additional charges apply - POA)

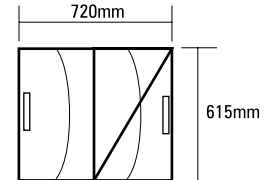

**CF0200ATCG**

Ideal for display of frozen products

**Features**

- Fitted with moveable castors
- Complete with durable PVC coated storage baskets
- Corrosion resistant construction and equipped with defrost water drain
- Curved sliding glass lids
- High load limit which allows increased storage volume
- Service free condenser design for better protection, gives less condensation, less humidity and less rust, even in extreme tropical climatic conditions
- Temperature display
- The chest freezer is designed to be decorated. The sides can be silk-screened or embellish with stickers. (additional charges apply - POA)
