- Adjustable front feet and rear rollers
- Fully modular
  
- Optional: Flame failure protection on open burners

CR9D

The centerpiece of any kitchen, the oven range needs to be the workhorse. The Cobra Oven Range has a generous gastronorm capacity, with standard 2/1 GN or two 1/1 GN pans on each rack. The high crown height means the oven can consistently deliver the volume required in small and medium-sized eateries.

The optional hob variations allow for a configuration to suit your specific needs and the cast iron burners are removable for quick cleaning. Pot stands, oven liners and the steel oven base tray are all fully vitreous enameled, allowing for a ready-to-go, easy-to-use oven.
