

Vertical Toasters

These Vertical Toasters can accommodate up to six slices with a reduced slice selection switch for economy in quieter periods. They both utilise an automatic element timer for consistent results. Once cooked, the toast can remain warm in the machine before being manually ejected. Designed for continuous use.

TC55 pictured

FEATURES

- Stainless steel construction
- 5 minute timer
- Easy-clean crumb tray
- Multi-slice selection
- Dura-Life stainless steel elements
-  Advanced Control Safety Systems

SPECIFICATIONS

MODEL	SLICES No.	POWER Watts	ELEC CON. Amps	DIMENSIONS w x d x h (mm)
TC55	5	2400	10	410 x 230 x 295
TC66	6	3150	15	410 x 230 x 295

Note: Unit designed for continuous use. A change in selection of the number of slices toasted will require a period for element temperatures to equalise. Uneven toasting may result during these transitional periods.

Salamander

The Roband Salamander is ideal for grilling, top toasting and finishing off ingredients such as cheese, mornays and toppings. Fast, economical and versatile, the Roband Salamander will quickly become an integral part of your busy kitchen.
